

## Economics Students' Association Report

In the last 2 weeks, the ESA has been working hard on our two Speaker Series events. One with Laurent Martin, assistant chief at the Bank of Canada, and Jeff Mallett, co-founder of Yahoo. We are also setting up a career fair event with some consulting firms confirmed to come already. Finally, we're brainstorming an event targeted towards 1<sup>st</sup> and 2<sup>nd</sup> years regarding an advisor reading over resumes/ cover letters/ etc.
