## **Report of Computer Science Undergraduate Society, AUS Council 02-11-2016**

- Registration is full for our LabHop event (Nov 8, 5:30-7:00), during which students will be touring Computer Science research labs. Graduate students and professors will be at the labs to take questions and present their research work.
- Our clothing sale had been extended until the 26<sup>th</sup> of October as there was still a high amount of demand.
- A number of our CSUS executives attended the Grace Hopper Celebration of Women in Computing and came up with a lot of ideas for equity-related events. We have a weekly equiTea event at Trottier (Wednesday 4:00-5:30) and this week the conference attendees will be present to talk about their ideas. We also plan to raise more awareness of these sort of conferences as they aren't currently very well-attended by McGill CS students.
- Honors Physics and Computer Science now passes as a program, thanks to the work of CS representatives at Faculty of Science academic meetings.
- Our Awkward Mixer is happening at Thompson House on November 12<sup>th</sup>. Drinks for CS, Math and ECSESS students will be subsidized, and students from other departments are welcome to attend but will have to pay full drink prices. \$2 drink tickets will be sold during our office hours (Tuesday and Wednesday from 10:30-4:30PM), which can be redeemed for soft drinks, beer and wine.
- Our U1 Rep has organized a U0/U1 event at the Trottier cafeteria, from 7:00 PM onwards on the 3<sup>rd</sup> of November. There will be board games and food will be provided! Rumor has it we may be able to get our hands on a GameCube...

CSUS council meetings are every Thursday, from 5:30-7PM at room 5015 in Trottier.

Respectfully Submitted,

Ayesha Krishnamurthy  
Vice-President Arts, CSUS
