

REPORT OF THE AUS VP FINANCE – Early November, 2017

1. FMC

- FMC had its second meeting last week
- We also went through all of the applications to the AUS Journal, Supplementary Departmental, and Special Projects Funds

2. Audit

- We are now awaiting the completion of the audit from our auditors

3. Departments

- Allocations will be calculated for the newly re-instated department

4. Referendum Questions

- There are a few referendum questions coming up that will be very impactful for AUS' finances
- Prepare to see these questions shortly, and let's try to get a high voter turnout for the referendum period so that AUS student voices are heard
