

## ***Report of German Students' Association (GSA), for October 11th***

### **Updates**

- Unanimously approved new VP Academic and VP Student Affairs.
- Formalized plans to visit all language classes to tell students about what we do, as well as a possible "Meet the Execs" event at Gerts (in place of a conversation circle).
- Explored event ideas to celebrate November 9th (an important date in German history), including a history trivia night and a potluck, as well as the possibility of a music-themed event to celebrate Beethoven's birthday (December 16th).
- Made plans to set up merchandise and bring back our discussion group "Zwischen den Zeilen" ("Between the Lines") for next semester.
- Our conversation circles continue to happen every Tuesday, though we plan on changing the time, now that we have a (nearly) full exec, to better suit our schedules and guarantee that one of us can always be there
- Financially, we have yet to spend any money.

Respectfully Submitted,

Koji Shiromoto  
GSA VP Events
