

Report of the AUS President 11/8/2017

Presidents' Roundtable

Thank you to all the departments who attended Presidents' Roundtable. Had a very useful discussion, hoping to have more departments at the next roundtable.

CBRC

CBRC met last Friday to review documents for upcoming Councils. Amendments for the Equity Policy and MUGS Constitution were tabled for further review.

Equity

AUS Equity Training is happening this week, sessions on Monday, Tuesday, and Friday. They've been hard at work to prepare this training and are looking forward to your feedback.

DPSLL

Submitted the formal request for fee changes with the Deputy Provost's Office contingent on election results. Also discussing a small change in the MoA-- when it was signed such requests went through the Dean of Students' office. McGill would now like it to go through the Constitution and By-Law Review Committee.

Work Your BA

Met with CaPS to finalize topics for WYBA. Dates are also now set and they're working on securing the UN speaker. We're going ahead with the Arts Jobs fair for February 8th, likely in the Fieldhouse-- very excited about this event!!

Printing

Confirmed a new office printer, this should be causing substantial printing savings for the AUS!!

Audit

Audit complete, Noah will presumably touch on this more-- should be getting the final statements shortly.

Computer Lab Fund

Computer Lab Fund meeting coming up in 2 weeks, this will be discussing implementation of the fee cuts if those end up passing referendum.

Lassman Photography Contract

Still haven't signed the Lassman contract with SSMU-- they haven't been able to provide a copy of last year's contract, and we don't have a record of having signed any document from our side of things.

GSFSSA & QSSA

General assembly for GSFSSA coming up to elect their team for the rest of the year! Also setting up something comparable for the Quebec Studies Students' Association (QSSA).

Workstudy Increase

Work study has confirmed an increase to the cap for AUS Executives & Arts Reps for the upcoming year, having doubled the overall cap (individual cap remains at 19 hours for Executives, Arts Reps new cap is set at 13 hours).

Sexual Violence Prevention Fund

Been doing consultation on the possibility of having a sexual violence prevention / support fund. This won't be happening this semester, but will report more on the various meetings orally.

Respectfully Submitted,

Erik Partridge
