

Report of the AUS President October 11th, 2017

Equity Committee

Consent training was completed with 98% attendance, now working to prepare the equity and inclusivity training. They've worked with OSD to help prepare the material for this event, and are confirming dates early this week.

Secretaries General

Working on putting together the HR Handbook, also looking more in depth about inclusivity with regards to hiring.

Work Your BA

Hired a Work Your BA Coordinator, have selected the topics for the panels—this year we'll have a journalism panel, a non-tech jobs at tech companies panel, and potentially 1-2 others. Booking rooms for everything.

Also we're interested in having an Arts Career Fair (like the McGill Tech Fair), in which we'd have a bunch of employers and students could come bring their CV and apply for positions in person. Working to convince CaPS of this.

Speaker Series

Been working with Maria and Jenn on the speaker series. Theme is focused on feminism. Have a couple of promising leads for speakers.

VP External Transition

Alice is our new VP Ex—been working with her to transition her on Work Your BA, and more general AUS / office transition. Working with IT and the building to ensure access to everything.

Charitable Affairs

Charitable Affairs committee met last week to decide how to best raise money, and for what group. Have decided to help raise funds for hurricane relief

Constitution and By-Law Review Committee

Met to review Constitutions of PSSA, SSA, MPSA, WIMESSA. Will be reviewing further constitutions next week. If your constitution was reviewed, I'll be inviting someone from your department in to discuss possible changes.

Respectfully Submitted,

Erik Partridge, AUS President
