

## **Report of MESS for AUS Council on November 22th, 2017**

### **Prof talk**

- Lots of people came out our prof talk! ~30 people. One prof did not show up because he was sick.

### **End of semester event**

- We are currently trying to think of an event to host before the end of the semester. Maybe a Trivia Night or a Christmas party with a bake sale.

### **Clothing order**

- Ran into some logistic complication with our clothing order with the Mac Campus McGill bookstore. Some of our sweater models will not be restocked until February or March 2018, but the other half of our models are available now. We received around 20-25 clothing orders.
