

Report of the Vice-President Communications, AUS Council, February 21st, 2018

I. Francophone Commission

I was unable to attend a meeting with commissioners last week due to class! I am working on scheduling another meeting with them. They are predominantly focusing francofête and cabane à sucre. We need to reschedule one conversation circles due to conflicts with the commissioner. Otherwise, working on hiring another commissioner.

II. Fine Arts Council

The fine arts council had a meeting on February 14th. We began by discussing feedback on nuit blanche and are sending out surveys to gather feedback as well to participants and attendees.

The next big thing is winter funding applications are out and we've decided to extend the deadline for one more week! This is the [application](#)!

We will report the allocations to council before releasing it!

III. Marketing Committee

Marketing has working on advertising different events! Outside of the listserv, if you ever want help advertising anything, let us know! Predominantly working on the tabling day, having a meeting next week. We are also designing stickers and posters for AUS!

IV. Speaker Series

The first speaker has been booked for March 26th at 6 pm in W-215. Her name is Cindie-Eve Bourassa! She was the first female trade diplomat in Riyadh. She will be discussing her experience in her role and its intricacies. Still other speakers to come around the same time!

V. Miscellaneous

- Interviewing people for graphic designer
- Checking in with leacocks next week
- Working on recruiting another francophone commission

Respectfully submitted,
Maria Thomas
