## **Report of the Vice-President Communications, AUS Council, Wednesday, March 14<sup>th</sup>, 2018**

### **I. Francophone Commission**

Still looking to hire another commissioner but not entirely sure as there's not much time in the school year left. We are down to three commissioners making the division of labour a little more difficult.

On the 19<sup>th</sup>, the commissioners are having a maple and board game night for anyone to attend but it will be held throughout the conversation circle. Please attend!!

### **II. Fine Arts Council**

The council has just been working on the winter funding allocations, we got so many amazing applications as you saw with the motion. The workshops from the reps are going to happen now and will update as we schedule.

### **III. Marketing Committee**

Since the committee is large, having some trouble having everyone meet. That being said, it's been going well. Our next big project is tabling for AUS in Leacock. We plan on having posters for AUS and trying to get a geo-filter for day as well as fun things for people to take photos of!

### **IV. Speaker Series**

The first speaker series happened on Monday, March 12<sup>th</sup> with MP Celina Caesar-Chavannes skypping. The advertising was done quickly as she was not confirmed till Friday, March 9<sup>th</sup>. I will be working on the exit report for this.

The next event is one March 26<sup>th</sup> with Cindie Eve-Bourassa, please invite as many people as you can. Noah is trying to reach out to some speakers as well.

## **V. Miscellaneous**

- The first McGill talks dropped. I apologize for its long wait but we will continue.
- Been doing some transition work with my successor, Jamal Tarrabain
- Hired another graphic designer

Respectfully submitted,

Maria Thomas  
Vice-President Communications
