

**Report of McGill Environment Students' Society**  
Sunday, October 14<sup>th</sup>, 2018

**Event Reports**

- Environmental Funds for a Sustainable Future (EFSF):
  - Head of Environment wants MESS to run a crowdfunding event through Seeds of Change.
  - MESS would raise money from students/alumni to start this fund in the hopes that McGill can make this fund a legit thing in the future.
  - 4 Enviro students working on projects (outside of McGill) that don't get funding can apply for funds that we would give them using money we raised.
- BiMonthly Samosa Sales:
  - Run every other Tuesday in Burnside Basement.
  - Profits go towards our EFSF fundraising efforts.

**Upcoming Events**

- Prof Talks:
  - Monday, October 22<sup>nd</sup>
  - We are reaching out to 2 ENVR professors to come host an event for ENVR students. Ideally the professors could give us a presentation on their field of research or classes they teach, and allow students to ask them questions.
- MESS Wine and Cheese:
  - Thursday, November 8<sup>th</sup>
  - We are hoping to host our Wine and Cheese event on this date, permitting the room bookings and alcohol permits will allow for this date.

**General Updates**

- Clothing orders:
  - Trying to organize clothing orders through MacDonald Campus.

Respectfully submitted,

Cristina Venegas  
MESS VP External AUS
