

Report of McGill Undergraduate Geography Society (MUGS)

Wednesday, October 17th, 2018

General Updates

- MUGS has appointed a new Sustainability Officer as well as a new U1 Representative.
- We have a new microwave in our lounge (yay!).
- We still have lockers in Burnside basement for Geography major and minor students free of charge, and for \$10 to non-geography students for the year. People interested should send an email at mcgillgeography@gmail.com.

Events, Projects, and Opportunities

- MUGS held its first general members meeting on October 12th before heading to Bar des Pins for Pints, Lines, and Polygons, our geography bonding event. It frankly was a huge success; great time, great turnout, and awesome night!
- Our Mentorship program, which aims to promote exchanges between undergrads and graduates in geography, is currently looking for candidates. If you're interested in graduate school and/or want to meet people with similar research interests, please fill out the form (goo.gl/xWB6Wb) before October 19th. For more information, feel free to send an email at geogmentorprogram@gmail.com.
- MUGS has teamed up with SUMS to host a Mario Kart event in our lounge (BH 305) this Friday evening, October 19th. Details will be available on the Facebook event going up this week.
- Our famous annual apartment crawl is currently in the works! We're aiming for early November, so be on the lookout for the Facebook event that should pop up shortly.
- OMG McGill, our mapping group, is holding a Mapping Party on October 23rd from 5:30pm to 7:30pm. All students are welcome to contribute to the creation of an accessibility map of campus. For more information, consult the Facebook event at <https://www.facebook.com/events/246621866001062/>.
- Free GIC Workshops are offered to McGill students on Thursdays. Please make sure to register on <http://gic.geog.mcgill.ca/2018-19-workshops/> as places are limited. Here are the next two workshops:
 - Thursday, October 25th: "Introduction to Zotero" presented by Emily Kingsland from 2:30pm to 5h15pm in BH 511.
 - Thursday, November 1st: "Geo-spatial data science in Python" presented by Jeffery Sauer from 2:30pm to 5h15pm in BH 511.

Next MUGS Meeting

- Thursday, October 18th, 2018 @ 5:30 PM, BH 512

Respectfully Submitted,

Max Noiseux
VP External for AUS, MUGS
