

Report of McGill Environment Students' Society

Sunday, February 24th, 2019

Event Reports

- Prof Talks:
 - This event went well! Prof. Vaccaro and Prof. Lovat were really pleasant, students had great questions, and the conversations were super informative.

Upcoming Events

- ENVR Domain Fair:
 - On March 19th, MESS is hosting a domain fair in LEA232 where first-year students can meet students currently enrolled in all 11 ENVR domains so they can learn which stream they are most interested in.
- MSE 20th Anniversary:
 - The McGill School of Environment and MESS turn 20 this year!
 - To celebrate we are hosting a semi-formal at a location TBD in late March.
- Clothing Drive with MBSU
 - MESS and MBSU are collaborating to host a clothing drive to promote sustainable fashion practices.
 - We will have drop-off bins placed around campus for ~4 days then we will consolidate the donations and organize them all in one space for people to come and shop around.
 - This event should take place after Reading Week.

General Updates

- We've been reviewing our constitution to see if there are any updates that could be made.

Respectfully submitted,

Cristina Venegas
MESS VP External AUS
