SSMU Meeting on October 24th

- Passed rather bureaucratic motions, including Creation of an Affordable Student Housing Committee, Committee Assignments, and Development and Implementation Process for Policy and Plans.
- We also discussed the report of the Governance Reform Committee, which proposed very extensive changes to SSMU's structure, including removal of seats for certain constituencies (such as the Senate Caucus).

- Attended SSMU Legislative Council Meeting on October 24th, delivered my bi-annual report regarding the happenings of AUS.
- Met with one of the Club's Representatives to discuss how we can make it easier for students who want to apply for club status. Only issue is the lack of resources, so I'm looking into how it can be extended.
- Spoke with the SSMU VP Finance about "samosa-gate". Looking forward to seeing SSMU develop a plan to make sure sales of food are not liable to the whims of Quebec Health Inspectors.
