

Arts Rep to SSMU Report to Council

AUS

- ACE – embrACE March 17-21st! More updates to come
- Departmental & Committee touring – really enjoying seeing how they are run & attending meetings has been super interesting! (oral update on the meetings I attended so far)
- Wine & Cheese Tuesday 18th with Arts Senators – oral report
- Wrote up & submitted a referendum question to improve the mandate of Arts Representative to SSMU and call for more collaboration with executives

SSMU

- No council since last AUS council, so not that many updates
- Ad-Hoc Sustainability meeting Thursday 14th
 - following the motion at the GA, we will be drafting a set of recommendations for next year's execs to follow
 - we separated into working groups: I will be working on consultation (logistics, collecting info, analytics). If you have any input that you would like to be taken into account by the sustainability committee, please voice it!

Respectfully submitted,
Lola
